

3X-OSP-MAG Magnifier

Mounting

3X-OSP-MAG is compatible with a picatinny rail. Unscrew base mount and place into picatinny rail, tighten the screw.

Focus

To use the focus knob to achieve a sharp image, Turn the focus dial clockwise or counter-clockwise until image is as sharp as possible.

Flip mount

To use the included flip mount, simply push on the release button and flip the 3X-OSP-MAG off to the side.

Center the red dot image

3X-OSP-MAG is easy to use, It does not require any sighting, just zero in red dot as normal, and this magnifier behind red dot. The centering screws are to help center the red dot in the field of view.

Note: do not force screws once resistance is felt.
